- Methodologies: Agile (Scrum), SDLC

WORK EXPERIENCE

Associate Software Engineer — Codelantic (Pvt) Ltd
July 2023 – Present

- Led frontend development for two internal web applications
- Owned feature planning, task breakdown, and delivery timelines
- Built scalable UI components using Angular and React
- Implemented state management using NgRx and Redux Toolkit
- Optimized performance with lazy loading and code splitting (~25% improvement)
- Integrated REST APIs and handled authentication flows
- Reviewed code and supported junior team members

PROJECTS

Online Stationery Shop Application

Tech : React.js | Next.js | Tailwind CSS | Express.js | PostgreSQL | Docker | Nginx | Prisma ORM

- Built full-stack e-commerce app with customer and admin portals
- Implemented product, order, and admin management (CRUD)
- Designed REST APIs and database schema using Prisma ORM
- Demo video available on portfolio

Recipe Blog Platform

Tech : Next.js | Tailwind CSS | Typescript

- SSR-based recipe listing and detail pages
- Search and filtering using URL query parameters
- Form validation with React Hook Form + Zod

Portfolio Website

Tech : Next.js | Tailwind CSS | Typescript | Framer Motion

- Personal portfolio showcasing projects, demos, and GitHub links
- Responsive design with reusable UI components

EDUCATION

Bachelor of Software Engineering (Undergraduate)
ESOFT University
June 2023 – Present
